

## **ATTENTION:**

### **CENTURIONTECHNOLOGIES PARTNERS WITH THE EDUCATIONAL SERVICE UNITS IN NEBRASKA**

Centurion Technologies, Inc. offers innovative and quality solutions for Windows and Macintosh computer environments. Our products write protect the hard drive allowing users to explore the entire computer without limitation. Novice users can make mistakes, delete files, or change the desktop. Malicious users may even seek to destroy the computer's configuration and performance. Centurion allows users to do all this without inflicting permanent damage to your computer. Because of our unique design, undesired changes, spyware and viruses are instantly eliminated without infringing upon your critical system files. A simple reboot restores your computer to its original configuration, saving you countless hours in repairs and missed learning opportunity.. To learn more about how we can provide the ultimate in protection, please visit our website at [www.centuriontech.com](http://www.centuriontech.com) and discover CornerStone, CCC, DriveShield, MacShield and our entire suite of security products.

Tens of thousands of schools & libraries around the country are benefiting from our Technology to protect there lab computers.

Centurion Technologies has partnered with the ESU Co-Op to offer some of the lowest prices in the country for our "Instant Restore" software products. You can check the current price offerings by contacting either the ESU Co-op main office [www.neesucoop.org](http://www.neesucoop.org) or your Centurion Representative Craig Hammond

We are extending the offer of a lab of 20-50 workstations for your school to test our software during the first half of 2006, and evaluate our desktop security solutions in a FULL lab setting at no cost or risk to your school. .

Please don't hesitate contacting me if you have any questions.

I look forward to speaking with you soon.

Thanks,

Craig J. Hammond
